July 1, 2002

Dear Colleagues,

The International Stroke Society is very pleased to endorse the Hong Kong Stroke Society in its hosting of the regional meeting of the 1st Asian Pacific Conference Against Stroke. The coalition of local, regional, and national groups into an international conference is a great step forward and one which the International Stroke Society is proud to endorse and help in any way available to it.

Both as President of the International Stroke Society, and personally, I applaud the efforts of Dr. C.Y. Huang, and the organizing group, and wish their meeting every success.

James F. Toole, M.D.
President
